Dear Mr. Malone:

The U.S. Environmental Protection Agency (Agency or EPA) has completed its preliminary technical screening of your application pursuant to Section 33(f)(4)(B)(i)(II) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended by the Pesticide Registration Improvement Extension Act (PRIA 3). The EPA has determined that your application has not passed the preliminary technical screening and therefore is subject to rejection if the application is not corrected.

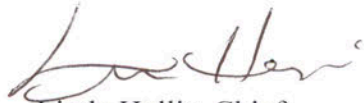

Specifically, you must provide the data and/or information described in the attached confidential appendix.

In order for the review of your pesticide product to continue, you must correct your application to address the items listed below within 10 business days of the date you received this letter. The EPA must receive your corrections by the 10th business day. The EPA recommends sending your complete set of corrections by email to the contact listed below to ensure they are received in a timely manner. If studies or confidential business information are being submitted by mail, a complete courtesy copy, minus confidential information, received by email by the deadline will be considered timely. If you cannot correct the applications or do not respond within 10 business days, your application will be rejected. At this time, you could also choose to withdraw your application.
